

BIO

A rockin' tribute to their leader of nearly 50 years - Paul Revere!

It took **PAUL REVERE** years to perfect the slick, fast-paced, dynamo of a show that has entertained audiences all over the world, an act that features his hand-picked band of the best showmen in the business. After decades of performing this well-oiled machine Paul had decided to get off the road and hand over his legendary three-cornered hat to **THE RAIDERS**. Sadly, he passed away just a year later.

Continuing the **PAUL REVERE AND THE RAIDERS** tradition is the extremely talented foundation of the show, long-time members (over 40 years each), **DOUG HEATH, RON FOOS & DANNY KRAUSE**.

In 1973 **PAUL REVERE AND THE RAIDERS** were still riding high off their first #1 hit, **INDIAN RESERVATION**, when guitarist **Doug Heath** joined the band. Along with **Paul Revere** Doug played on the **Columbia Records** release, **THE LEGEND OF PAUL REVERE**, and he's been a Raider ever since.

Other than Paul Revere himself, Doug Heath is the longest reigning Raider in the history of the band – nearly 50 years!

Rounding out the lineup is frontman **DAVID HUIZENGA** with his unique style and incredible energy, and powerhouse drummer & showman **TOMMY SCHECKEL**, who was a member of **The BUCKINGHAMS** for 27 years.

THE RAIDERS continue to bring you the great **PAUL REVERE & THE RAIDERS** hits that you've come to enjoy over the years such as **Hungry, Kicks, Indian Reservation and Just Like Me**, along with the showmanship that has set them apart from most other bands performing today.

The great music and laughs continue, and the tradition lives on!
