Historic Deadwood ENTERTAINING GUESTS SINCE 1876

No trip to Deadwood is ever ordinary. It's where Wild Bill was shot and Calamity Jane became a legend. Their luck ran out... but yours is just beginning! We've been entertaining guests since 1876!

The entire town is a registered National Historic Landmark, but there is much more to this mountain community. In recent years, several new resort properties have been built in Deadwood offering top amenities and deluxe suites. Guests can also enjoy fine dining, 24-hour gaming, unique retail shops and local attractions, outdoor recreation, live entertainment and proximity to world-famous regional attractions.

While Deadwood has changed over the years, it has never forgotten its Wild West roots. Visitors enjoy daily historic

re-enactments including the most famous event in Deadwood's history – the shooting of Wild Bill Hickok and the Trial of Jack McCall.

But our Old West History is just a part of our charm. Deadwood has award-winning museums, Mt Moriah Cemetery where Wild Bill was laid to rest, incredible special events featuring free concerts on Main Street with national recording artists, walking trails, guided tours (bus and walking), unique shopping, glass blowing and let's not forget 24/7 gaming action!

With its larger-than-life history of gold and discovery, Deadwood is still a town wild at heart. See how the West was really won – make sure Deadwood is on your travel bucket list.
